WMO OMM

# EC 72 Request

- ✓ Review the WMO Capacity Development Strategy, 2015
- ✓ Take into account the WMO Community Platform for coordination of information and cooperation to better understand the capacity development needs of NMHS in all areas of service delivery
- ✓ Ensure that the strategy takes into account ways in which the WMO Regional Training Centres, WMO training partners and WMO specialized Centres

**WMO OMM**

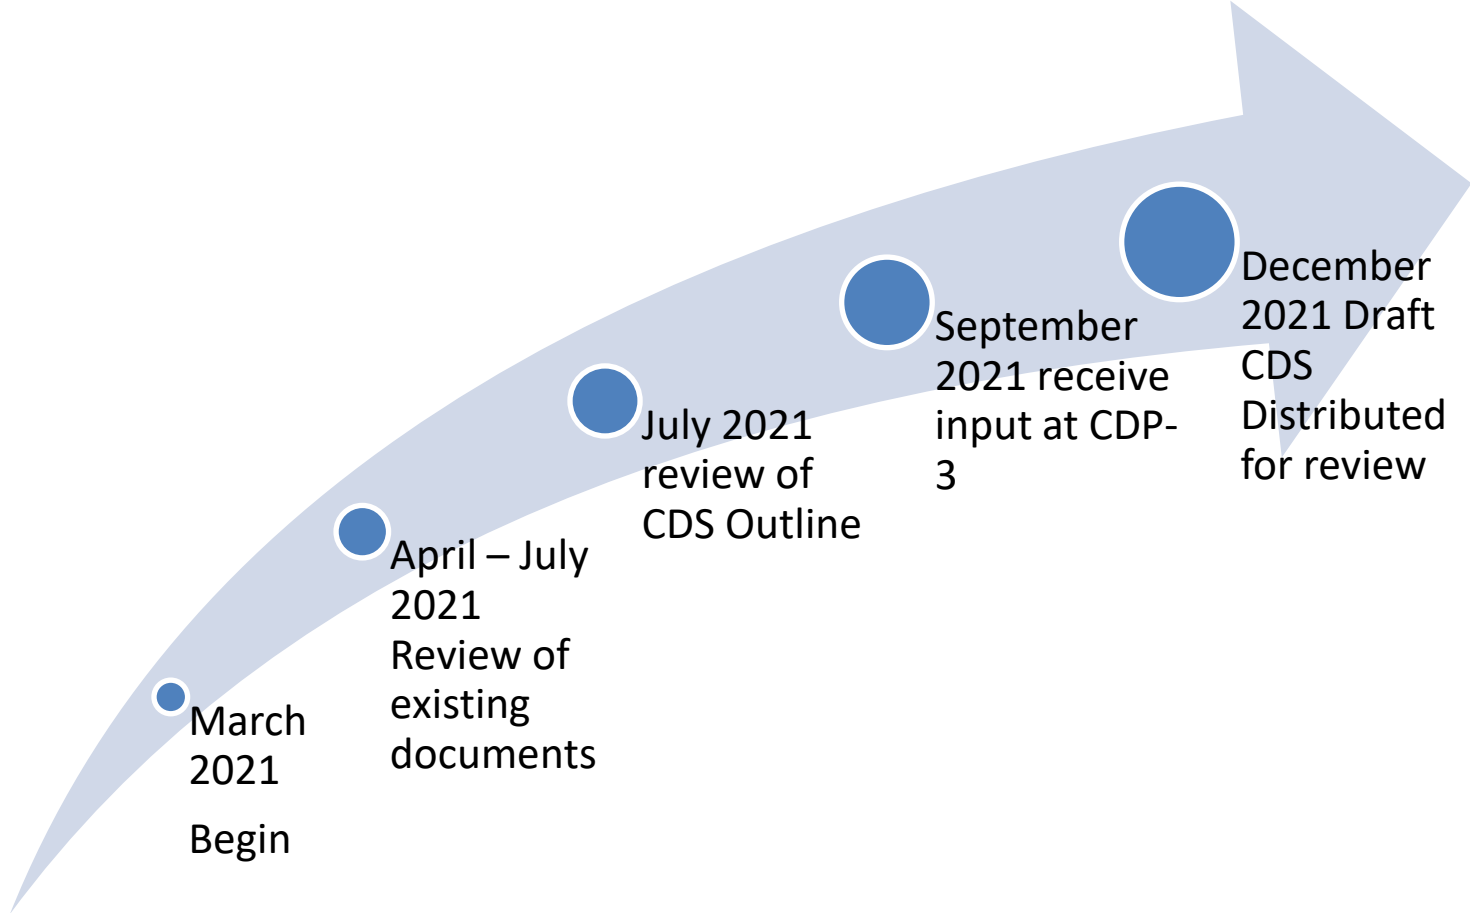

# Executive Council 73 Request

- ✓ Co-opt other experts from WMO and development partners in support of its activities
- ✓ Work towards a conclusion of this exercise and prepare a report for consideration by the EC-74
- ✓ Taking into account the concepts of Hydromet Alliance, CSI, SOFF initiatives for their implementation.
- ✓ Encourage training institutions to embrace online training where possible

# CDS Overview

## WCDS-2023 Purpose

Provide a strategic framework to help coordinate the approach to capacity development across WMO. This is to complement (not duplicate) the WMO Strategic and Operating Plan and support the achievement of the LTGs, particularly Goal 4 on closing the capacity gap

## CD Dimensions

**Institutional**  
(enabling environment)

**Technological**  
(hard infrastructure)

**Information and service provision**  
(soft infrastructure)

**Human resources**

## CD Process

## WMO SP Strategic Objectives

SO 4.1  
Address needs and gaps in services

SO 4.2  
Competencies and capabilities

SO 4.3  
Partnerships and alliances

## CD Action Areas (2024-2027)

- Improved understanding of specific capacity needs with respect to technical, institutional and human resources
- NMHSs with strengthened capacities to develop long-term strategies, including science and ICT
- Increased relevance and effectiveness of NMHSs, more specifically in LDCs and SIDS
- Strengthened qualifications and competencies of NMHSs and related institutions for effective service delivery
- Regional and national training institutions reinforced, including through inter- and intra-regional cooperation
- Talent development strategies at NMHSs nourished, including young professionals and women
- Cross-regional and Member-to-Member partnerships and alliances including with private sector and academia
- Strategic, functional and mutually beneficial development partnerships and alliances
- Leadership in promoting global meteorology principles, authoritative voice, common standards, data and product sharing
- Effective resource mobilization

## CDS Principles

P1: Integrated and holistic approach to capacity

P2: Sustainability of CD actions

P3: Prioritization of CD actions to address critical capacity gaps

P4: CD actions based on efficiency and innovation

P5: CD actions to build trust and enhance cooperation, equity and inclusion

P6: Result-based CD actions

# The Path Forward

<b>1-4 November 2022</b>	Sixth Meeting of Capacity Development Panel (CDP-6), Online	<ul style="list-style-type: none"> <li>•The main outcome (related to the Strategy) expected from this meeting is the approval of the final draft of CDS by CDP members, so it can be submitted to EC-76</li> </ul>
